- NASA MA Space Grant Fellowship

Issued by NASA Massachusetts Space Grant Consortium · May 2022

Associated with Five College Astronomy Department

"The National Space Grant College and Fellowship Program consists of 52 state-based, university-led Space Grant Consortia in each of the 50 states plus the District of Columbia and the Commonwealth of Puerto Rico. Annually, each consortium receives funds to develop and implement student fellowships and scholarships programs; interdisciplinary space-related research infrastructure, education, and public service programs; and cooperative initiatives with industry, research laboratories, and state, local, and other governments. Space Grant operates at the intersection of NASA's interest as implemented by alignment with the Mission Directorates and the state's interests. Although it is primarily a higher education program, Space Grant programs encompass the entire length of the education pipeline, including elementary/secondary and informal education."
- Van Blerkom Scholarship

Issued by Department of Astronomy, University of Massachusetts Amherst · Apr 2022

M

Associated with University of Massachusetts Amherst

"The purpose of the fund is to endow undergraduate research scholarships in the Department of Astronomy in memory of her husband, David J. Van Blerkom, Professor of Astronomy at the University of Massachusetts. Professor Van Blerkom came to UMass as a Postdoctoral Fellow in 1969, joined the faculty in 1970, served as Chair of the Astronomy Program from 1980-1999, and then continued on the faculty until 2001. This scholarship fund is awarded based on academic excellence to a University of Massachusetts undergraduate and supports a research internship for that undergraduate."
